

## Post-Infection Illness Expert List

The RECOVER Initiative is a comprehensive research effort to understand, prevent, and treat Post-Acute Sequelae of SARS-CoV-2 infection (PASC), including Long COVID. RECOVER researchers and collaborators recognized early on that this research could benefit not only people with Long COVID, but also **shed light on other post-acute infection syndromes such as myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS), dysautonomia, and others.**

RECOVER studies will allow the scientific community to gain a deeper understanding of the biological mechanisms that may cause long-term effects of SARS-CoV-2 infection and the ways the virus affects the bodily organs and systems.

Investigators and clinicians with research expertise and clinical experience with post-infection syndromes, ME/CFS, and other illnesses are contributing within the RECOVER Initiative and participating in the Initiative’s oversight committees and working groups.

**Below is a current list of post-infection illness experts<sup>1</sup>. This list represents only individuals who have confirmed their area(s) of expertise. However, the list is likely to expand as others confirm and as the Initiative continues.**

	Name	Title/Affiliation(s)	Expertise	RECOVER Cohort Involvement
1	Lucinda Bateman, MD	Medical Director, Bateman Horne Center	ME/CFS	Adult
2	Hector Fabio Bonilla, MD	Clinical Management of HIV/AIDS and HCV, Stanford Medicine	PASC, ME/CFS	Adult
3	Melissa M. Cortez, DO	Associate Professor; Director, University of Utah Autonomic Physiology Laboratory	Postural Tachycardia Syndrome (POTS), Autoimmune Autonomic Neuropathy, Traumatic Brain Injury, Headache	Adult
4	Linda N. Geng, MD, PhD	Clinical Assistant Professor, Medicine – Primary Care and Population Health; Co-Director, Stanford Post-Acute COVID-19 Syndrome Clinic	Post-Infection Syndromes	Adult

<sup>1</sup> RECOVER reached out to all the individuals on this list to obtain permission to identify them as a post-infection illness expert.

	<b>Name</b>	<b>Title/Affiliation(s)</b>	<b>Expertise</b>	<b>RECOVER Cohort Involvement</b>
<b>5</b>	Monica Verduzco-Gutierrez, MD	Professor and Distinguished Chair of Rehabilitation Medicine, UT Health San Antonio	Dysautonomia, PASC (Clinical Expertise)	Adult
<b>6</b>	Leonard Jason, MD	Professor of Psychology, DePaul University	ME/CFS	Adult
<b>7</b>	Elizabeth Kaufman, MD	Cardiology, The MetroHealth System	Postural Tachycardia Syndrome (POTS)	Adult
<b>8</b>	Dan Kelly, MD, PhD	Assistant Professor, Epidemiology & Biostatistics, School of Medicine, University of California, San Francisco	Post-Ebola Conditions	Adult
<b>9</b>	Anthony L. Komaroff, MD	Simcox-Clifford-Higby Distinguished Professor of Medicine, Harvard Medical School	Post-Infection Fatigue Syndromes, including PASC	Adult
<b>10</b>	Vincent Marconi, MD	Division of Infectious Diseases, Emory University School of Medicine	HIV Infection and Aging/NCI Consequences of Chronic Infection	Adult
<b>11</b>	Gailen D. Marshall, Jr., MD, PhD	The R. Faser Triplett Sr MD Chair of Allergy and Immunology; Professor of Medicine and Pediatrics; Vice Chair for Research, Director of Clinical Immunology, The University of Mississippi Medical Center	PASC, ME/CF, and Stress-Induced Immune Changes Impacting Viral Susceptibilities	Adult
<b>12</b>	Mitch Migilis, MD	Clinical Associate Professor Neurology and Neurological Sciences, Autonomic Division Psychiatry and Behavioral Sciences, Sleep Medicine Division Stanford University	Postural Tachycardia Syndrome (POTS)	Adult
<b>13</b>	Sarah Shizuko Morimoto, PsyD	Associate Professor, Department of Population Health Sciences, Division of Health Systems Innovation and Research, University of Utah Health	Post-Infection Conditions	Adult
<b>14</b>	Benjamin Natelson, MD	Director, Pain and Fatigue Study Center; Professor of Neurology, Icahn School of Medicine at Mount Sinai	Chronic Fatigue Syndrome, Fibromyalgia	Adult

	<b>Name</b>	<b>Title/Affiliation(s)</b>	<b>Expertise</b>	<b>RECOVER Cohort Involvement</b>
<b>15</b>	Peter Novak, MD, PhD	Director, Autonomic Laboratory and Associate Professor of Neurology, Harvard Medical School; Department of Neurology, Brigham and Women's Faulkner Hospital	Autonomic Dysfunction, Small Fiber Neuropathy and Cerebral Hypoperfusion in Post-Infection Syndromes	Adult
<b>16</b>	Laura Pace, MD, PhD	Neurogastroenterology and Autonomic Disorders, Metrodora Institute	Post-Infection Conditions	Adult
<b>17</b>	Zaki Sherif, PhD	Professor of Biochemistry and Molecular Biology; Chair and Director of Graduate Studies, Howard University RECOVER Principal Investigator, Howard University College of Medicine	Post-Infection Conditions in Hepatitis B (HBV) and Hepatitis C (HCV)	Adult
<b>18</b>	Nora Singer, MD	Rheumatology, Medical Director of The Metro Health System	Distinguishing autoimmunity (or until a diagnosis evolves)	Adult
<b>19</b>	Sabrina Tan, MD	Assistant Professor of Medicine, Harvard Medical School Division of Infectious Diseases, Beth Israel Deaconess Medical Center	Infection in Immunocompromised Patients, Neuro Infection, Viral Infections	Adult
<b>20</b>	Suzanne Vernon, PhD	Research Director, Bateman Horne Center	ME/CFS	Adult
<b>21</b>	Christine A. Capone, MD, MPH,	Pediatric Cardiologist; Pediatric Intensivist; Assistant Professor of Pediatrics, Donald and Barbara Zucker School of Medicine at Hofstra/Northwell Cohen Children's Medical Center of New York Northwell Health	Chronic Fatigue and Orthostatic Symptoms/ Postural Tachycardia Syndrome (POTS) related to PASC/Post-Infection Conditions	Pediatric

	<b>Name</b>	<b>Title/Affiliation(s)</b>	<b>Expertise</b>	<b>RECOVER Cohort Involvement</b>
<b>22</b>	Betty Diamond, MD	Institute of Molecular Medicine Head/Professor; The Center for Autoimmune, Musculoskeletal and Musculoskeletal Disease Feinstein Institutes for Medical Research Northwell Health	Chronic Fatigue Syndrome	Pediatric
<b>23</b>	Joshua Milner, MD	Professor of Pediatrics in the Institute for Genomic Medicine, Columbia University Irving Medical Center Director, Division of Allergy, Immunology and Rheumatology, Columbia University Vagelos College of Physicians and Surgeons	Mast Cell Activation Syndrome (MCAS) with PASC overlap	Pediatric
<b>24</b>	Carlos R. Oliveira, MD, PhD	Assistant Professor, Pediatric Infectious Diseases, Global Health, Biostatistics, Health Informatics; Director of Congenital Infectious Diseases; Yale School of Medicine, Yale School of Public Health	Pediatric Post-Infection Conditions (Treatment and Research)	Pediatric
<b>25</b>	Dane B. Cook, PhD	Exercise Neuroscience; Professor, Department of Kinesiology, University of Wisconsin-Madison Research Service, William S. Middleton Memorial Veterans Hospital	Chronic Multi-Symptom Illnesses (ME/CFS, Gulf War Syndrome)	Other – External Expert
<b>26</b>	Alejandra Gonzalez Duarte, MD, PHD	Co-Director Dysautonomia Center, Department of Neurology, NYU Grossman School of Medicine	Postural Tachycardia Syndrome (POTS)/ Dysautonomia	Other – Clinical Science Core
<b>27</b>	Nancy Klimas, MD	Director, Institute for Neuro Immune Medicine; Professor and Chair, Department of Clinical Immunology Dr Kiran Patel College of Osteopathic Medicine, Nova Southeastern University; Director, Environmental Medicine Research, Miami VA Medical Center, Geriatric Research Education and Clinical Center	ME/CFS	Other – R3 Webinar Series Speaker
<b>28</b>	David M. Systrom, MD	Exercise Pathophysiology; Assistant Professor, Harvard Medical School	Exercise Intolerance	Other – External Expert
